So, here is a little piece I am planning on doing for the anniversary update for my game, Gold Rush. It is a very large update and is not going to be released in a few days, maybe the week of the anniversary, but I thought I would post it on my blog for those who are interested. I have been thinking about it for a long time and this is the direction I would like to take the game in. I have written about this before and was just waiting for the right time to make it happen. I will also write a bit about the gameplay and what I am trying to achieve. In the new gameplay, I am going to
